

(ISO 9001:2008 & AS 9100: 2009C Certified Company)

COMPANY PROFILE

Superchem Finishers is a multi-activity, super specialty Organization promoted by experienced & enthusiastic professional in the year of 2004 to take up precious metal electroplating activities for various industries. Over the few years the company has diversified its activities into various sectors, one of its prime focus is manufacturing of precision components to satisfy the needs of defense and aerospace industries with stringent specifications for their products. Maintaining the perfect quality, repeatability and on time delivery is the main objective. The total customer satisfaction is the goal. To master the future technology and implement the same in the industrial application is the future plan.

Superchem Finishers currently owns 2 **CNC machines** to manufacture small and medium sized parts mainly for defense and aerospace industries. With excellent plating facilities the machined parts can go with plating as per the customer specifications.

This commitment to quality & Precision workmanship delivered on Time attracts customers from different companies in the field of defense and aerospace, who appreciate our devotion to quality and on time delivery.

Superchem Finishers personnel are proud of their capabilities and are committed to provide a plant that is clean well-lighted and one of the most modern in operation today. **Superchem Finishers** believe that if people are provided good working conditions and new machinery of the latest technology, they will always produce a superior product of the highest quality, thus have the taken that necessary extra step to fulfill the same.

The finished product from **Superchem Finishers** must not look good but should also perform well. **Superchem Finishers** believe in mutual discussion personally to understand the specific needs in both manufacturing and various type of surface finishing required.

COMPANY MISSION

To be a world class leader in the manufacturing of precision machined components and specialty surface finishing activities. Company plans to exceed all the expectations of the customers, which Includes Quality, Delivery and Cost .This will be accomplished through continuous improvement as well as keeping up to date with the latest equipment and facilities that the marketplace has to offer.

At **Superchem Finishers**, The philosophy is straight forward : Quality & Precision workmanship with Delivery On Time!

*No: 3, Sy. No. 12/1B2, Abbigere Industrial Area, Lakshmipura Main Road,
Chikkabanavara Post, Bangalore - 560 090.

E-mail: superchemblr@gmail.com, Website: www.superchemfinishers.com*

Management Systems: ISO 9001:2008 and AS 9100:2009C

PROMOTOR : A.PONNAIAH.

INFRASTRUCTURE

Land : 5200sq.ft

Building : 4528 sq ft

Power : 40 HP

Water : Bore well / RO / DM in house

Open space : 3000 sq ft

Effluent Treatment : collected and out sourced for Treatment& Disposal.

PLANT AND MACHINERY

1. CNC machining center : 2 CNC machines (Turning Center with C axis facility)
2. Special machining center : 5 custom built Special machines.
3. Polishing and buffing center.
4. Drilling center.
5. Plating Shop.
6. Metal spraying center.
7. Cubic printing center.
8. Chemical laboratory
9. Quality control lab with mechanical, electrical and chemical analysis facility.
10. R &D facility With reverse engineering. Process design and custom built surface finishing.

*No: 3, Sy. No. 12/1B2, Abbigere Industrial Area, Lakshmipura Main Road,
Chikkabanavara Post, Bangalore - 560 090.*

*Tel: 080-23253568, 23254667, Mob: +91-9945676567, Fax: 080-23253567
E-mail: superchemblr@gmail.com, Website: www.superchemfinishers.com*

PERSONNEL & ADMN

Management :	2
Consultancy :	2
Supervision :	3
Skilled :	8
Unskilled :	3
Welfare :	2

SERVICES

1. Manufacture precision components for electronics and connectors with basic materials like Stainless steel, brass, aluminium, berrilium copper etc
2. Electroplating copper, Nickel, Silver, Gold, Zinc cobalt, cadmium, zinc-Nickel, palladium, platinum and Tin
3. Electro-less nickel Plating.
4. Electro polishing
5. Anodizing
6. Chromate conversion-Clear &Yellow.
7. Black ruthenium
8. Plating on Conductive plastics
9. Spray metalizing of metals-black, chrome, silver and gold.
10. Cubic printing (water transfer).
11. Recovery and refining of precious metals like Silver, Gold &palladium.
12. Manufacture and supply of special purpose chemicals like make up, additives, brighteners, strippers, cleaners, gold salt, silver salt etc.
13. Consultancy services for setting of plating plant and plating solutions.

*No: 3, Sy. No. 12/1B2, Abbigere Industrial Area, Lakshmipura Main Road,
Chikkabanavara Post, Bangalore - 560 090.*

*Tel: 080-23253568, 23254667, Mob: +91-9945676567, Fax: 080-23253567
E-mail: superchemblr@gmail.com , Website: www.superchemfinishers.com*

CLIENTS

1. Electronics industries, Defense, aerospace and commercial Applications.
2. Connectors RF and Circular defense and Aerospace. Hermetically sealed.
3. Aero space product manufacturers & surface finishing providers.
4. Watch industries all over India.

SUPPLIERS

Chemicals : Growel , Artek, Autotech, surtech, Sd- fine, E -Merk, Covinzia
& Henkel.

Cutting Tools : Keyocera. Kenna Metal.

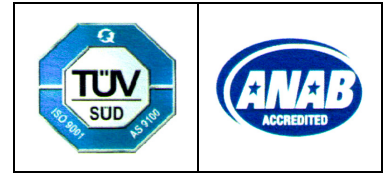

Raw Materials: Chase Alloy-Uk, Jindal Aluminium.

SUB-CONTRACTORS

Kitai technologies, Sansu Technologies, Unnathi Enterprises,
Star Precision & Manjunatha Automates

LOGISTICS

UPS, Professional Impex, TNT
